Achieva 3.0T X-series

Leading Technology

New X-series technology – magnet, gradient and RF – for enhanced performance and large field-of-view.

- **New short bore 3.0T with large FoV**
- **New Dual-mode 80 mT/m gradients**
- **New Short dielectric-free RF coil design**
- **Complete dedicated SENSE RF coil program**
- **Also available in a mobile configuration, the only 3.0T mobile in the industry!**

Clinical leadership

- **Proven clinical performance for routine to advanced imaging in all applications.**

- With the power of [FreeWave](#), Achieva delivers unprecedented levels of clinical functionality with innovations such as 4D-TRAK, k-t BLAST and 2k Imaging.
- Unique applications:
 - DWIBS: assists sensitive lesion detection for the whole body
 - FiberTrak: Clinical fiber tracking
 - Spectroscopy with SENSE: Single minute spectro imaging

As easy as 1.5T

- SmartExam
 - Automated planning, scanning & processing with a single mouse click.
 - Originally for Brain, now also for Knee and Spine (Available 2007)
 - Reproducible scan quality: any patient position, any operator, any day
 - Increases operator efficiency by 30%
- As comfortable, compact and easy to use as 1.5T.
- Optimized dedicated protocols / [ExamCards](#)
