## Signa HDe 1.5T

**Built on GE's proven HD technology, the Signa HDe 1.5T delivers images with remarkable resolution for definitive diagnoses of all patients. It is perfect for a hospital, a remote imaging center, or an independent clinic, which has limited space, a limited budget, or limited patient volume.**

**Signa. Be Certain. Smaller. Simpler. Sooner. Lower operating costs for a very favorable financial return Overall siting footprint is 30% smaller than other 1.5T systems Robust, consistent, reliable gradient performance Easy to use, versatile and reliable**

All attempts have been made to ensure accurate data. Medical Imaging Resources, Inc. assumes no responsibility for any unintentional errors or omissions.
